Matt says: "Over three sessions we'll look at the Psalms and how to understand and engage with them as Christian believers. Why are they poetry and how does this impact how we engage with them? How can they shape our devotional life? How do they point to Christ? We'll also think about how the Psalms help us pray, and have a go at praying them. Over the course of the morning we'll also spend time singing some Psalms together, as well as enjoying fellowship and time for questions."

COST: £15 (£10 unwaged)
